

FROSTY BALL RULES

Materials:

Rope

Dodgeballs

The Frosty Ball –a large ball

There are two teams, one on each side of the field. The game begins as the frosty ball is thrown into the air. If you are hit with a ball by a member of the opposing team you are out and enter a line at the side of the field.

If you catch a ball, the thrower is out and a member of your team may rejoin from the sidelines. If you catch the Frosty Ball, all your teammates may rejoin the game. The game is over when all members of one team have been eliminated.

All other dodgeball rules apply
