

2026 PHYSICAL EXAM RECORD

Page 1 of 2

To be filled out by your licensed physician. You must have a physical examination within 18 months of the session start date. **Keep a copy of this completed form for your records.**

Physicians, please complete and return to guardian.

Deadline: APRIL 15, 2026

All camper information is to be uploaded and/or entered in CampDoc's – please contact us if you have questions
Ph: 715.385.2312 • camp@manito-wish.org

SUMMER CAMP & OUTPOST

TO THE EXAMINING PHYSICIAN: Camp Manito-wish YMCA is a resident summer camp in Boulder Junction, WI. All staff and campers are required to be physically active, and participate on canoeing, sea kayaking, and/or backpacking trips of varying lengths. Physical activity may include: • **Strenuous activities during hot and cold weather** • **Carrying heavy packs and /or canoes** • **Walking on uneven terrain.**

Camp Manito-wish YMCA is not a rehabilitation program. CMY is not a place to work through behavioral or psychological problems.

Prior physical conditioning and enthusiastic mental attitude are a necessity. Participants find CMY's outpost program to be an extremely demanding experience both physically and emotionally.

Camp Manito-wish YMCA courses are wilderness expeditions, varying in length from eight days to three months. Expeditions operate in remote areas where evacuations to modern medical facilities may take days.

Outpost participants 14 and older may experience:

- **Extreme weather conditions** with temperatures ranging from -40°F. to +100° F.; prolonged storms, high winds, intense sunlight, sudden immersion in cold water and/or high seas are possible
- **Physical demands on the participants** may include carrying a backpack weighing between 55-85 pounds over uneven terrain such as snow, rocks, boulders, fallen logs, or slippery surfaces as well as ascending or descending steep mountain slopes
- **Elevations for backpacking courses** range from sea level to 12,000 feet; Peak climbs and mountain courses may be as high as 14,000 feet
- **Physical demands of sea kayaking and river courses** require paddling heavily loaded kayaks, canoes and lifting and carrying boats over uneven terrain

It is extremely important to the safety and well-being of all participants that we obtain accurate information regarding this person's current medical status and medical history.
